PRESIDENT PERSISTENT.

Urges Arbitration in Coal Strike Along New Lines.

Washington, October 5.—President Roosevelt today set in motion another effort to settle the coal strike. This time he has stronger hopes of success than ever before. He will again try to induce the warring elements to agree upon a plan of arbitration. There is now reason to hope that he has found a method which will secure a little yielding from both sides and thus bring them to take action upon the plan which promises to end the strike in a short time.

The new plan in substance is as follows: Instead of general arbitration covering the entire anthracite region as was proposed by President Mitchell on behalf of the miners, and instead of having the individual miner take their disputes with the coal companies to the Judges of the Common Pleas courts as was proposed by President Baer and other railway presidents, both sides are to meet upon a middle ground, namely—an arbitration tribunal to be appointed to settle the questions at issue between each of the great mining corporations and its employees. That is to say, one board of arbitrators between the Reading company and its employees, another between the Lackawanna and its employees, a third between the Ontario and Western and its employees and so on throughout the region, including the Coxes, Markles and other large independent operators employing a large number of men.

Before each of these boards of arbitration the miners are to appear and present their claims by such official representatives as they may choose, the officials of the local unions of the United Mine Workers being acceptable in this role.

Both sides are to agree in advance to abide by the decision of these boards of arbitration when rendered, the men meanwhile returning to work. And when the decisions are rendered they are to be incorporated into agreements for one year or a period of years, the agreements to be signed by the representatives of the coal companies and presidents of the local unions.

This method of settlement President Roosevelt will immediately urge upon the managers of the coal companies and President Mitchell and his associates of the miners' union. Such was the decision reached today at an important conference held at the White House and participated in by President Roosevelt, Secretary Root, Attorney General Knox, Secretary Moody, Postmaster General Payne and Labor Commissioner Wright. These gentlemen were together for three hours and they discussed the entire situation.

RUSSIAN CONSUL MURDERED.

Greeks Anxious About the Protection to Be Given by the Porte.

London, Oct. 1.—In a dispatch from Vienna, in which he refers to the Macedonian revolt, the correspondent of the Daily Express reports that Albanians have murdered the Russian Consul at Uskub, European Turkey.

Constantinople, October 1.—The Greek Legation has informed the Porte that 150 Greek notables were murdered by Bulgarians in the districts of Monastir and Salonica during the last two months and has asked what steps Turkey proposes to take for the protection of Greeks.

Anti-Foreign Feeling in China.

Hongkong, Oct. 1.—Anti-Christian and anti-foreign placards are being displayed in Canton.

TEN THOUSAND TROOPS.

Anthracite Coal Fields Practically in State of Siege.

Harrisburg (Pa.), Oct. 6.—Governor Stone late tonight ordered out the entire National Guard of Pennsylvania, numbering about 10,000 men, to do duty in the anthracite coal regions. The soldiers will be in the field tomorrow. The order calling out the guard is as follows: "In certain portions of the counties of Luzerne, Schuylkill, Carbon, Lackawanna, Susquehanna, Northumberland and Columbia tumults and riots frequently occur. Men who desire to work have been beaten and driven away and their families threatened. Railroad trains have been threatened and stones and the tracks torn up. The civil authorities are unable to maintain order and have called upon the Governor and Commander in Chief of the National Guard for troops. The situation grows more serious each day. The territory involved is so extensive that the troops now on duty are insufficient to prevent all disorder."

The formal order was given out at the executive mansion shortly before 11 o'clock tonight by Private Secretary Gerwig.

Governor Stone called a conference of the general officers of the guard, at which it was decided to put the troops in the field. The canvas and other camp equipment will be shipped from the State Arsenal, and it is expected that all the troops will be in the field within twenty-four hours.

BUY ENGLAND'S COAL.

Heavy Purchases of Anthracite Cause Sharp Rise in Prices.

London, Oct. 6.—A telegram from Newcastle announces that 100,000 tons of coal were sold on the Newcastle exchange today for America. Reports from Cardiff say that twenty-five steamers have been secured for early sailing from South Wales ports for New York and Boston and it is said that American purchases during the last week at Cardiff alone totaled 100,000 tons, of which 80,000 tons were for New York. The purchases at Swansea last week totaled 20,000 tons. It is estimated that the Welsh coal sales for America aggregate 200,000 tons since the rush began.

Anthracite coal is now quoted at the highest price which it has ever reached in this country. A prominent coal dealer on the exchange said today:

"I should not be surprised if retail coal in London reached \$10 a ton during the next week."

Ocean freights are also rising, although the earlier shipments were taken at normal rates. Some of the steamers owned by big concerns, such as Oder, Dempster & Co., the Leyland Line and the Johnston Line are loading coal at Cardiff and Liverpool. It is not expected that sufficient anthracite will be obtained to supply the American demand.

PRESIDENT MUST REST.

Coal Conference Proved Severe Strain on Him.

Washington, Oct. 4.—Secretary Cortelyou this evening, upon being asked as to the condition of the President, said the conference held yesterday was a severe strain on the President. While in the judgment of his physicians his progress toward recovery has been satisfactory, they consider that to avoid the risk of a setback he should be relieved of any undue tax upon his strength. Therefore for the next week or ten days only such matters will be brought to his attention as it may be imperatively necessary for him to consider.

FILLING IRISH JAILS.

Many Members of Parliament in Prison at Hard Labor.

Dublin, Oct. 2.—Ireland is completely in the throes of a coercion campaign. The Government's merciless programme for the prosecution of the members of Parliament, editors and tenant leaders is in full swing. Fourteen out of the eighty members of the Irish Parliamentary party are already in jail. Their sentences vary from two to six months—in many cases with hard labor. All are compelled to wear prison clothes, to spend two hours of the twenty-four exercising along with thieves and wife-beaters, and the rest of the day in cells.

Among those who have thus been locked up are William Redmond, member of Parliament for East Clare, and Patrick McHugh, member of Parliament for North Leitrim, and the editor of the Sligo Champion. Both of these men recently enjoyed the hospitality of President Roosevelt and other prominent Americans. The most important newspapers have incurred the enmity of the Government. William O'Brien, member of Parliament for Cork and editor of the Irish People, and scores of local men, including several magistrates, have been given hard labor in the country jails.

SHIP COMBINE.

Morgan Succeeds in Floating Another Big Trust.

New York, October 1.—The International Mercantile Marine Company is the name of the corporation under which the Atlantic steamship combination is to be carried out. Papers were filed in Trenton today giving the International Navigation Company this new name and increasing the capital to \$120,000,000.

The following details concerning the organization of the international steamship combination were made public by J. P. Morgan & Company today. The International Navigation Company, which controlled the American line and Red Star line of steamships, has changed its title to the International Mercantile Marine Company and increased its capital from \$15,000,000, to \$120,000,000 half of this amount being represented by preferred shares. There is also an authorized issue of \$50,000,000 of 4½ per cent bonds.

FIVE YEARS FOR BOODLER.

Millionaire Synder Convicted of Bribing St. Louis Councilmen.

St. Louis, Oct. 4.—Robert McClure Synder was convicted of bribery in the Criminal Court tonight, and was sentenced to five years' imprisonment in the State penitentiary after the jury had considered for fifty-nine minutes its verdict in the case, which had occupied an entire week in presentation.

Boer Leaders Coming.

Cape Town, Oct. 2.—General Kritzinger, Fouché and Joubert, the Boer commanders, sailed from here yesterday for England on their way to the United States, where, it is said, they intend to go on a lecturing tour. In an interview General Kritzinger denied that he planned a lecture tour in the United States. He said that he was going to that country purely on a pleasure trip, and added that he was thoroughly reconciled to the new conditions in South Africa.

War on Isthmus.

Colon, Oct. 1.—War is threatened between Colombia and Nicaragua. The relations between the two countries are so strained that an open declaration of hostilities may be expected any hour.
